ER-8:   Improving Access to Special Use Airspace (SUA)

Key Risks

- Defining procedures for sharing SUA availability information.

- Ensuring the military can meet its new mission requirements under the Homeland Security criteria.

- Lack of defined improvements or upgrades to automation systems to support SUA processing, and planning in the future.

- SAMS and MAMS interface.

- Sustainability of SAMS and other supporting automation systems.

- Interoperability of SUA information sharing tools and other automation capabilities.

- Improvements or upgrades to automation systems to support near real-time SUA information processing, planning, scheduling, and routing.

- SUA ISE deployment for each AFSS.

- Funding for Communication Network for SUA/ISE.
